- Successfully **incubated Little Steps at Bandung Techno Park in collaboration with the Ministry of Cooperatives** – Strengthened business scalability and expanded market reach
- **Developed the Go-To-Market Strategy for Alitnest** (Q3 2025) – Designed a structured launch plan for a nutrition-focused platform targeting obesity management.
- **CEO of Starticas** – Leading a team of **20 members**, **overseeing product development, market alignment, and business strategy execution.**

AVO Fututre Leauge Academy Batch 1

April 2025 – July 2025

Sales and Strategy

- Developed expertise in customer-centric sales strategies, conducted market analysis, and crafted strategic plans through hands-on projects in a comprehensive training program.
- Developed a comprehensive go-to-market strategy for a sustainable skincare brand as a capstone project under expert mentorship.

INTERNSHIP EXPERIENCES

PT Telekomunikasi Selular (Telkomsel)

Small Medium Enterprise GTM and Business Managemment Febuary 2026 – July 2026

- Developed 3 core performance dashboards to streamline the monitoring of critical metrics across 10,000+ datasets, transforming complex pipeline into clear, directed reports that provide an actionable roadmap for future sales strategies.
- Scrapping and Analyzed 100.000+ SME opportunity records to identify pipeline trends, revenue potential, and performance gaps across sales stages.
- Designed a strategic AI Agent workflow and flowchart integrating 5 distinct operational SOPs across 5 business divisions, automating issue classification and direct PIC routing to eliminate manual triage for Account Managers.

PT Bank Muamalat Indonesia Tbk x Rakamin

Business Intelligence (Project Based Internship) October 2025 – November 2025

- Completed the internship with an 83/100 (Excellent) final score through a data-driven sales analysis project.
- Analyzed 10K+ transactions using Google BigQuery and Looker Studio, identifying a 7.8% revenue decline due to low retention
- Proposed 4 data-backed strategies projected to boost repeat orders by 20% and average order value by 10%

PROJECTS

Alitnest

Project Leader March 2024 – December 2025

- Led an end-to-end project conducting primary research with 300+ respondents to validate business and social impact solutions.
- Converted insights into actionable solution concepts, resulting in an 80% partnership pitch success rate.
- Secured expression of interest from 3 external organizations through data-driven pitching and stakeholder alignment.

Little Steps

Project Leader December 2023 – April 2024

- Spearheaded initiatives in Hackathon 2024 and the Google Solution Challenge with a targeted focus on Sustainable Development Goals (SDGs)
- Cultivated a collaborative, innovative team environment to develop cutting-edge solutions for public health enhancement
- Leveraged creative leadership and strategic insights to drive sustainable, positive impact
- Selected for incubation at Bandung Techno Park (Ministry of Cooperatives), successfully validating the prototype through rigorous market testing and expert mentorship.

ORGANIZATION EXPERIENCES

Starticas - Bandung

Founder March 2024 – December 2025

- Led a cross-disciplinary team of 20 members across multiple academic backgrounds to deliver social-impact initiatives.
- Managed cross-functional collaboration (research, product, business) to ensure on-time execution and role alignment.
- Oversaw planning, task distribution, and progress tracking to maintain project delivery timelines.
- Drove internal alignment and decision-making to support sustainable team performance and organizational growth.

Center Computer Improvement (CCI 5.0)

Data Researcher Febuary 2023 – December 2023

- Contributed as a member of the Data Research team at CCI by processing and analyzing data to identify trends and deliver actionable insights for decision-making.
- Implemented Linear Regression models using Google Colab as the primary platform to enhance data-driven insights
- Actively contributed actionable insights and shared best practices during weekly team meetings, resulting in improved team proficiency in Data Analyst and fostering targeted knowledge sharing among team members.

CERTIFICATION

Badan Nasional Sertifikasi Profesi (BNSP)

Data Analyst September 2025

- Certified by BNSP in data processing, analysis, and visualization using Power BI and Excel
- Completed a final sales analysis project in Yogyakarta, generating insights of Rp 22B revenue, Rp 3B profit, with Home Office (34.68%) as top segment and Poco X5 Pro as the most profitable product
- Developed 3 interactive dashboards demonstrating end-to-end analytics from data cleaning to visualization and insight delivery

DigiTalent

Fundamental Data Science June 2025 - July 2025

- Completed 40+ hours of training focused on data scraping, exploration, cleansing, and annotation
- Learned and practiced core data science concepts through guided exercises and case examples
- Strengthened understanding of data processing and analytical workflows using real-world scenarios

Coursera

Google Project Management November 2025

- Completed 7 courses of training focused on project initation, project exectution, and agile project management
- Gained hands-on experience with tools and techniques for managing timelines, risks, stakeholders, and project documentation
- Finished 140+ hours of learning through hands-on activities and practice-based assessments
